Krysta Fillmore, an 8th grader at Rocky Mountain Middle School in Heber City, Utah, was diagnosed with Leukemia on March 30, 2019. She will spend the next 2 1/2 years returning to the hospital for treatments. We would love to help the family with the medical bills that they have received due to testing, medicine, and treatment for her recovery.

**This is your chance to let your child become a young entrepreneur!**

Also, to provide kid's a venue to sell goods they have made (have helped make, or have and interest in) and gain experience in product creation, selling/ customer service and financial management.

**OUR GOAL IS TO RAISE MONEY FOR THE FILLMORE FAMILY**
